

DGO Gold Limited

Community Policy

November 2019

**DGO
GOLD**

Introduction

DGO Gold Limited ("DGO Gold" or "the Company") recognises that the Company and its workforce are an integral part of the community in which we operate. Our endeavors to develop long term, positive relationships with these communities, based on mutual respect, understanding and honesty, will be reflected in the success of our core business.

Our responsibilities to the community

Our responsibilities cover the recognition and protections of cultural and indigenous heritage and the implementation of programmes that deliver sustained improvements in community standards.

We exercise these responsibilities by:

- Showing respect for, and understanding of, the needs and sensitivities of the community;
- Training our workforce to appreciate and empathise with diversity in cultural beliefs and values;
- Promoting our corporate community values to contractors and suppliers with whom we work and ensuring that their activities are consistent with our responsibilities and endeavours;
- Working with local communities through a process of consultation, mutual education and operational transparency to achieve sustainable community and resource development;
- Identifying and facilitating employment, training and commercially viable business opportunities which benefit the community;
- Monitoring and striving to continuously improve our impact on the community and environment in which we operate and reporting progress to the Board as required;
- Maintaining open communication with all stakeholders to assess and consider the requirements and concerns of government, local communities, special interest groups and affected individuals.

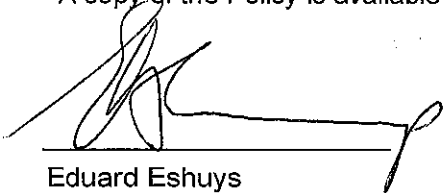

The Corporate strategy towards community development is based on identification and assessment of community needs through consultation and the desire to facilitate improvement, tempered with the Company's capacity and ability to meaningfully contribute to the community.

At all times we will use best endeavours to preserve the past and implement programs to improve the future.

Review of the Policy

The Board will review the Community Policy annually to ensure it remains consistent with the regulations.

A copy of the Policy is available on the Company's website www.dgogold.com.au.
