Dear Shareholder,

On behalf of the Board of Directors of Drummond Gold Limited ("the Company"), I invite you to the Annual General Meeting to be held at 11am (Brisbane time) on Thursday 20 November 2014, at the Auditoriums, McCullough Robertson Lawyers, Level 11, 66 Eagle Street, Brisbane.

Attached is the Notice of Annual General Meeting.

The Notice of Annual General Meeting provides for ordinary business, being the consideration of the Financial reports and Remuneration report, and the re-election of Mr. Brice Mutton as a Director. It also details special business being an approval of a placement of shares to certain directors. These directors have agreed to subscribe for shares at 0.3 cents per share as outlined in the Notice of Annual General Meeting.

The capital previously provided by RCF and Cairnglen Investments in conjunction with the Research and Development Income Tax Refund of \$398,780 was used as working capital to allow the Company to manage its existing projects and to continue to identify and evaluate new opportunities, particularly but not exclusively, for gold and copper occurrences in Australia that may represent future major discoveries.

Overheads and administration costs of the Company have been reduced in line with its exploration activity as the Company embarks on a new strategy over the next twelve months. The Company continues to evaluate its Drummond Basin Assets including seeking joint venture farm in partners for its existing tenements.

During the past twelve months, the Board has evaluated a number of gold and base metal assets and opportunities in Australia that were either introduced to the Company or identified by us, but as yet we have not uncovered an opportunity attractive enough and within our capabilities to close on.

It is clear that in the current market, and considering the uncertainties surrounding the resource industry, that for Drummond to go forward, innovative thinking and the application of innovative technology is required within the budget constraints that exist today.

For personal use only

I can ensure you that the Board is determined, in spite of the unsure circumstances, to progress your Company.

The Board of Directors recommend that you vote in favour of the resolutions as outlined in the Notice of Annual General Meeting so that we can continue to implement the new strategy.

Thank you for your interest and support. I look forward to your attendance at the Annual General Meeting to be held at 11am (Brisbane time) on Thursday 20 November 2014 at the Auditoriums, McCullough Robertson Lawyers, Level 11, 66 Eagle Street, Brisbane, at which a further presentation of our activities will be provided

Yours faithfully
Drummond Gold Limited

70 The table below shows the dilution of existing shareholders on the basis of the current market price of shares and the current number of ordinary securities for variable "A" calculated under the formula in Listing Rule 7.1A(2) as at the date of this notice.

71 The table shows two examples where variable "A" has increased, by 50% and 100%. Variable "A" is based on the number of ordinary securities the Company has on issue. The number of ordinary securities on issue may increase as a result of issues of ordinary securities that do not require shareholder approval (for example, a pro rata entitlements issue or scrip issued under a takeover offer) or future specific placements under Listing Rule 7.1 that are approved at a future shareholders' meeting.

72 Table 1 below also shows two examples where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the market price on 19 September 2014.

73 Table 2 below also shows two examples where the issue price of ordinary securities has decreased by 50% and increased by 100% as against the market price on 19 September 2014 on the basis that the shareholders have approved the issue of 73,333,333 Shares to the Directors under resolution 3, 5 and 5.
