Appointment of Executive Officer

DGO Gold Limited (ASX: DGO) is pleased to announce the appointment of Cameron Judd as an Executive Officer of the Company.

After Cameron completed his Bachelor of Engineering at Monash University he worked at Fluor Daniel. Cameron's experience includes designing, building and operating mines. Some of the projects Cameron has worked on include the Murrin Murrin Nickel/Cobalt mine in Western Australia, and the Olympic Dam Expansion Project in South Australia.

Following the completion of his Master's Degree of Applied Finance at The University of Melbourne, Cameron transitioned into corporate finance including roles with Societe Generale as a mining debt analyst and with Morgan Stanley as a rated senior mining equity analyst.

Most recently Cameron held the position of Investment Manager at Arete Capital Partners where he led a team in conducting detailed due diligence on prospective mining assets, working on a large number of deals and projects across gold, base metals and energy companies.

In announcing the appointment Mr Eduard Eshuys said "Cameron joins DGO Gold after 20 years of Mining and Finance related activities. DGO Gold welcomes Cameron on board to drive the company's analysis of brownfields gold investment opportunities, particularly in Western Australia and looks forward to his contribution".

Eduard Eshuys
Executive Chairman
